

Events of the Coming Week

Friday, Oct. 21
Game. The Bearcats meet
the Springfield Bears on the latter's
field this afternoon.
Week Dance. Sigma Sigma
and Alpha Sigma Alpha sororities
and Sigma Tau Gamma and
Delta fraternities will
give their annual dance in honor
of the West Library.
Meeting. The Northwest
press club will meet at
this afternoon in Social
Hall.

Sunday, Oct. 23
Ten for the new women of
the college will be held at 4 o'clock
at the residence hall.
Wednesday, Oct. 26
Dr. Geoffrey O'Hara will
give a musical program
at 10 o'clock this morning in the
auditorium.

Game. The W. A. A. will
play a hockey game at 8 o'clock
at the athletic field.

Thursday, Oct. 27
Evening Party. The Y. M. and
Y. W. will sponsor a joint so-
ciety at 7:30 o'clock this
evening in Social Hall.

Mystery About Plane Formation; A Organizes

BRAZILIAN GIRLS ARE WELCOMED to the College by President Uel W. Lamkin. On the left is Sylvia Cunha de Amorim, and shaking hands with President Lamkin is Maria da Gloria Mala e Almeida. The two students from Rio de Janeiro enrolled last week.

College Opens Nursery School At Residence Hall Last Monday

Twenty Small Boys and Girls
Are Under Care of Velma Cass

The first teacher-training institution in the state to furnish education at a nursery school level is the College here, it was made known this week by Miss Chloe Millikan, director of Kindergarten and primary in the College elementary school.

Twenty small boys and girls, three and four years of age, took off their hats and coats last Monday morning as they entered the solarium at Residence Hall, and said "hello" to Miss Velma Case, nursery school teacher, who was there to greet them.

Their schedule doesn't include time for crying or getting homesick—the little tots are too busy playing, eating or napping.

The purpose of the nursery school, Miss Millikan explained, is not to train nursery school teachers, because there is not enough demand for them at present. Its purpose, she said, is for majors in kindergarten and primary at the College to observe children at the age level represented by those with children five and six years of age, she believes.

The value of the nursery school to the child, Miss Millikan continued, is that in early life it is important to develop in the individual all-around wholesome mental, physical and social habits. The whole program is arranged with that in mind, she contends.

When the seven 3-year-old and thirteen 4-year-old boys and girls arrive at the nursery school in the College bus about 9:30 o'clock in the morning, they are examined by the College nurse, Mrs. E. A. Davis.

Playroom activities then occupy their time until 10:30 o'clock when they are given a light lunch consisting of a glass of milk and a graham cracker. Following a twenty minute rest period, the little tots then play out of doors until time for the noon meal.

Preparation for lunch is a responsibility which each child bears. Every child has his individual wash cloth, towel, and comb, which he identifies by a picture on each of the articles. Pictures are used in the place of numbers or names as each child is (Continued on Page Four)

Dr. Crane Urges Persons To Inspect All Propaganda

Dr. Henry Hitt Crane, pastor of the Methodist church, Scranton, Pa., spoke at the last general session of the Northwest Missouri Teachers' Association meeting, urging that citizens investigate all propaganda presented before evaluating any situation.

"The difference between propaganda in a democracy and propaganda in a dictatorship," he said, "is that the former has other propagandists to meet. He will have to support his theory with strong arguments in order to compete with the other side."

Dr. Crane explained that when children are schooled in knowledge without being taught to evaluate and to reason for themselves, it is setting the foundation for dictatorship.

"Propaganda can't be built in a nation of thinkers," he declared, "for they will insist on knowing the facts. Develop thinking human beings and democracy will live."

First Lady Says Any Peace After War is Unjust

25 From College
Hear Lecture by
Mrs. Roosevelt

Twenty-five students from the College attended Mrs. Franklin D. Roosevelt's Lecture in St. Joseph, Saturday, Oct. 15.

Regarding the recent war situation the first lady said the most encouraging experience to her was the realization that we can come so close to war and yet have no war.

She said that even if the United States would be able to keep its men out of a great European war this nation would feel the effects of such a war.

"Any war, no matter how virtuous one may believe it to be, brings bitterness. The peace that comes is very seldom a just peace. The seeds of the present European difficulties were sown in the peace of Versailles."

Mrs. Roosevelt quoted Thomas Mann's statement of "War is a cowardly way to settle the problems of peace." She considers it necessary to learn what the young people of the world are thinking and spoke of her experiences at the world youth conference at Vassar College.

Those who made the trip in the College bus were: Harold Hedberg, Monroe City; Eugene McLean, St. Joseph; Helen Killion, Gaynor; Lucile Jeffry, Hale; Faye Dowds, Sheridan; Helen Reed, Miriam Murray, Bill Hutchinson, Maryville; Mary Stone, Ridgeway; Ethel Hester, Mount City; Dick Shroat, Calhoun; Erdley Beauchamp, Grant City; Irma Bartram, Skidmore; Harold Silberstein, Columbia; Marjory Murray, Oregon; Imogene Templeton, Bedford, Ia.; Mary Madgett, St. Joseph; Jeanie Benitez, Manila, P. I.; Marcia Young, Skidmore; Evangeline Scott, Maryville; Dorothy Gates, Grant City; and Miss Dorothy Truex, assistant director of personnel for women.

BULLETIN
The Springfield-Maryville football game which will be played this afternoon at Springfield will be broadcast at 2:30 o'clock this afternoon in the College auditorium. It will be sent here by Western Union and broadcast over a P. A. system.

Fourteen College Students to Be Listed in National 'Who's Who'

Committee is Chosen to Elect Most
Outstanding Upperclassmen at STC

Fourteen students in the College will be represented in the 1938-39 edition of "Who's Who Among Students in American Universities and Colleges," a collegiate yearbook, according to Mr. R. E. Baldwin, registrar, who is in charge of selecting the students.

Mr. Baldwin this week chose a committee to aid him in choosing the fourteen students. The committee, in addition to the registrar who is chairman, consists of: Dr. Margaret Ruth Smith, director of personnel for women; Mr. Hugh G. Wales, director of personnel for men; Miss Dorothy Truex, assistant director of personnel for women; Mr. Sterling Surrey, assistant director of personnel for men; Miss Helen Shipman, secretary; and Mr. Frederick Schneider, director of the College news bureau.

The committee will choose the fourteen students in the near future, and they will be announced by Mr. Baldwin. The students chosen will be contracted by the publishers of the book for their autobiographies.

Upperclassmen Recommended.
Freshmen and sophomores are not candidates for recommendation, the publishers have written Mr. Baldwin. Only juniors, seniors and students in advanced work are selected.

The purpose of the Who's Who is to serve as an incentive for students to get most out of their College careers, as a means of compensation to students for what they have already done, as a recommendation to the business world and as a standard of measurement for students comparable to such agencies as Phi Beta Kappa and the Rhodes Scholarship Award. One and one-half per cent of the student bodies of the various universities and Colleges is recommended for representation in the yearbook.

To Go To Businessmen
To be included in Who's Who, a student must have a combination of qualities to indicate that he is outstanding and an asset to his school. The qualities upon which a student is based are: Character; leadership in extra curricular activities such as athletics, society, religion and student government; scholarship; and potentialities of future usefulness to business and society.

This year the year book will be at the disposal of every business concern in the United States and Canada, without charge. Only the high spots of a student's life will be listed in the book because of space.

Mr. Baldwin has received a nomination blank, and as soon as the committee decides upon the fourteen upperclassmen, the names will be sent to the publishers.

Peace Made in Presence of Force Will Not Last

Dr. Harry G. Dildine, member of the college social science department, spoke to the members of the international relations club last night and presented the factors involved in the development of the present German-Czech crisis.

Dr. Dildine stressed the fact that this problem is not new. The source of the difficulty goes farther back than can be called recent, he said.

"For centuries the Germans and Czechs have fought back and forth with first one group becoming dominant and then the other. Many attempts at union have been tried but all have failed because of racial reasons."

He explained that the setting of boundary lines at the close of the World War had a definite relationship to the present trouble. France took the risk of basing the peace treaty on "threat of arms" assuming that they could keep ahead in a military program. Germany was placed in shackles; she had no colonies and her industrial setup was ruined.

Dr. Dildine pointed out that Czechoslovakia has been a weak state since her creation, because so many elements not belonging to her are within her boundaries.

"It would be natural, then," he continued, "that Germany would attempt to build up her industry at the expense of the weaker state."

"It is my opinion," he added, "that due to the emphasis laid on military recuperation in Germany the last five years, it is impossible for Hitler to back down in his move against the Bohemians and still retain the confidence of his people. He must create a new self-sufficient industrial set up under German control."

"This last settlement was called a peace," he concluded, "but there can be no permanent peace made in the presence of mobilization. Hitler must continue in his present program of expansion and when this program this problem is not new. The source European interests; peace will end."

TEMPUS FUGIT

"Time wasted is gone forever," Mr. Tad Reid, director of operations was saying the other day while demonstrating one of the numerous locks on a new filing cabinet. As he did so he shut one of the drawers locking the keys inside.

Failing to get the drawer open, Mr. Reid summoned a janitor who worked nearly two hours to pick the lock on the cabinet.

Arctic Circle Not So Cold As North U. S.

Explorer Says
New Frontier
Lies to North

"The new frontier is not on the Atlantic or to the west, but to the north," Mr. Vilhelmur Stefansson, Arctic explorer and lecturer told a packed auditorium last Thursday afternoon, October 13.

"Contrary to what many people think," Mr. Stefansson pointed out, "weather conditions in the Arctic are not so severe as in Northern United States." I was raised on a farm in North Dakota," he said, "and I experienced colder weather there than at any time during the last years I was in Alaska."

In the extreme north there is no night frost, he continued, for the simple reason there is no night. Wheat has better chance north of the Arctic circle than farther south, he believes.

He told the story of one traveler who lived in Arizona, and went on a hunting expedition in Africa, and then, when traveling down the McKinley river in Alaska, suffered the only sunstroke in his life.

"The rays of the sun are more unbearable in the Arctic than at the equator," Stefansson declared.

The explorer showed how the nearest route from San Francisco to Paris is not found by flying straight east, as most persons would suppose, but by flying northeast through Oregon, Washington, through Canada north of Hudson Bay, across Greenland, and down to Paris. This is a net saving of 150 miles, and furnishes better flying conditions too, he contends.

From New York to Peking, it is 10,000 miles the present flying route, he declared, while by going north across the Arctic, the distance is reduced to 4,000 miles.

Mr. Stefansson showed how capitalist countries are not so much interested in the development of a country for the benefit of all its people, as are communist countries.

"Capitalistic countries are interested in selfish gains and only in developing that which will make money," he said.

Stefansson Interest in Mechanics Of Aviation; Does Not Pilot

Missourian Reporter Interviews
Explorer; Amazed at Knowledge

By Marjorie McAllister

An explorer, a discoverer, a man of the universe settled into his chair before me and quietly nodded for my blast of questions. But I soon found that I need not ask any questions as Mr. Stefansson was so thoroughly involved in his subject that he soon had unloaded, at my door, a host of material.

Not of himself especially. It was facts, statistics, and information vital to the geographically inclined. Personally, I was astounded as I had already heard him speak fluently for nearly two hours without the slightest pause. I realized then how much there is to know about the subject and how much there is to discover.

Referring to the fact that Mr. Stefansson's chief profession is aviation I asked, "What do you think of the youth of today in aviation?" He smiled and replied, "Every boy or girl sometime or other in his life dreams of flying. In times of peace the field is one of the most crowded, if not the most crowded. However in war times there are great possibilities for the physically fit youth. We need and have good pilots."

The word pilot flashed through

Mr. Cooper Heads Local Community Teachers Group

Association Officers,
Delegates to State
Meeting are Named

Mr. A. H. (Bert) Cooper, chairman of the College extension department, was elected president of the Community Teachers Association, comprised of the faculty of the College, at a meeting of the faculty last Monday afternoon.

Miss Dora B. Smith, of the education department, was elected vice-president of the Community Association and Miss Mattie M. Dykes of the College English faculty was elected secretary-treasurer.

The faculty elected Dr. J. W. Jones, dean, and Mr. Homer T. Phillips, chairman of the department of education, as delegates to the meeting of the Missouri State Teachers Association to be held next month at Kansas City. Miss Katherine Franken, of the psychology department, was elected last year and she will serve again this year.

Each Community Association, Mr. Cooper said this week, is entitled to send one delegate to the state convention for every twenty-five members or fraction thereof. Delegates are elected for two years.

Register For 39 Tower This Week Says Staff Head

Willis Heal, Kansas City, editor of the Tower, announced this week that students who wish to purchase a copy of the 1938-39 Tower must sign up with the Tower Staff for their copy. There will be a desk in second floor for this purpose until Friday of this week. After that, students must see Willis Heal or Robert Denton if they wish to sign for their copy of the Tower.

"Last year there was a shortage of Towers," Heal explained, "and this year we are going to try to prevent its happening again."

Miss Ella Enslow Tells Teachers God Will Help Them

Miss Ella Enslow, educator, who has done much to help with the furthering of education in the Tennessee mountain region, spoke to teachers Thursday afternoon, October 13, on the subject, "Little Schoolhouse in the Foothills."

In the course of her address, Miss Enslow traced the development of the school in that section and told of how she and the inhabitants of that district had worked to establish schools and a system of education there. "God will help any school teacher who gets a job, sticks to it, and does the best that she possibly can," said Miss Enslow.

In closing, the speaker said of her people, "We may be poor, but I hate to think that we are all trash. When you think of us, think of us as people whose children would like to do the same things for our state and country that you are doing for it."

MANY ATTEND RECEPTION

A large crowd of upperclassmen attended the annual faculty reception at Residence Hall last night.

Reservations Should Be Made for New York World's Fair Trip by December 1; Itinerary Announced

Savings Account Available to Persons
In Northwest Missouri District; Trip
Sponsored by Maryville, Kirksville

President Uel W. Lamkin this week announced that because steamship reservations between New York and Norfolk, Va., must be completed before December 1 of this year, persons who plan to make the trip sponsored by the College and the state teachers college at Kirksville to the New York World's Fair next summer are urged to make reservations immediately.

Interested persons in the northwest Missouri district are invited to register immediately with Mr. Roy Ferguson at the College. A check or money order for \$1.00 must accompany the registration, but that money will be applied on the total cost. It was pointed out this week that early registration is advisable in order to avoid difficulty in securing steamship accommodations from New York to Norfolk.

The personally conducted all-expense tour to New York's World Fair, Washington, D. C., and historic Virginia will be made by persons in this district and the Kirksville district August 4 to 15, 1939.

Savings Account Arranged
The College here has arranged for persons who are interested to open a savings account in order that those who plan to make the trip may begin saving now for the trip. It is possible for persons to have the entire \$100 in savings by the end of next July by depositing from \$11 to \$12 per month.

Deposits may be made at any time with Mr. Roy Ferguson at the local College, and interest will be paid to individuals on their deposits. Deposits will be refunded if the depositor is unable to make the trip. The savings plan is organized on the same order as a regular bank Christmas savings plan.

It was pointed out this week that persons who register should indicate plainly whether accommodations on the basis of two, three, four or eight persons to a room are desired, since the tour price depends upon such information. The quoted tour cost per capita, namely \$100 (at present rates), is based upon eight persons to a suite at the Park Central Hotel in New York and upon four persons to a room at the New Colonial Hotel in Washington, D. C.

Six Days at Fair
Registrants will be notified as to the exact cost as soon as the railroad announces the special rates for the World's Fair period. Experienced escorts will accompany the party throughout the entire journey, and their services will be available in viewing the numerous sights of New York and Washington. Six days will be spent in New York at the Fair, and one day and two nights in Washington.

Should the entire party number more than 125 persons, a special train will be operated on the scheduled itinerary. President Lamkin said. Modern air-conditioned coaches with seats convertible into comfortable berths, an observation car and dining cars will comprise the train. Pullman accommodations will be available if the demand warrants the operation of such equipment.

The itinerary of the tour follows:
First day, Friday, Aug. 4—Promptly at 12 noon the special train will leave Maryville via the Wabash railway, stopping at Moberly to await the arrival of special cars from Kirksville which leave that city at 1:50 p. m. The consolidated train will then proceed to St. Louis, arriving there at 6 p. m. where the group will pause for only twenty minutes. The Mississippi will be crossed at St. Louis and the trip across Illinois will be made on the (Continued on Page Three)

Teachers Association Elect For President St. Joseph Teacher

Miss Hattie Jones was elected president of the Northwest Missouri Teachers Association at the annual business meeting that was held last Friday morning. Miss Jones is a member of the Pickett high school faculty in St. Joseph.

Vice-presidents were elected in the following order: H. D. Williams, superintendent of the high school at Craig, first vice-president; Leonard Jones, superintendent of schools in Buchanan County, second vice-president; Earl Teagarden, superintendent of Caldwell County schools, third vice-president.

Mr. C. K. Thompson, Plattsburg, school superintendent and former president, was elected for a one-year term to the executive board to take the place of Paul Keith superintendent of Maysville's schools, whose term expired.

An increase in the pay for the members of the state legislature in Missouri was pledged by the association.

Resolutions favoring the proposed teachers retirement law and the complete financing of the 1931 school law, were also passed.

Dr. Mehus to Give Radio Talk

Dr. O. Myking Mehus, member of the social science department, announces this week that he will speak over radio station WDAF, at Kansas City, on Friday morning, October 28, from 6:45 to 7 o'clock. Doctor Mehus will talk on "The Lesson of Armistice Day."

Are We Dead But Not Buried Or Have We Just Worn Our Pep Out?

And the students said one to another, "What did you think of the pep at the Rolla football game? ? ?" But there was no answer only "What Pep?"

Much has been written and more said about the pep at both this and other schools all over the country. We have read it in several of our college exchanges but not until last Friday evening did we realize that our own pep had fallen to such a low "reading." (Forecast: Heat wave, we hope).

Possibly the College auditorium does not contain the only "dead section" on the campus. Everyone realizes that the cheer leaders did their best to bring the dead to life. They even reverted to acrobatics and stunts, a feature of pep leading that has not been seen on this campus for several years. The cheer leaders worked hard but their labors would have netted them as much had they "dug post holes and filled them."

There looms one major fault with the entire situation. That is an almost entire lack of CO-OPERATION. Individually, the various activities carried on in the east bleachers are fine, but they are not coordinated enough to give more than a semblance of support to a hard working team. Were the football boys to work together as well as the students, the band, the cheer leaders, and the pep squads, we wouldn't have to worry about a conference title—we'd be locked in the cellar with the key thrown away.

The Statue of Liberty in New York harbor symbolizes the freedom of the American citizen and each little American citizen at the Rolla game exercised that freedom—they kept quiet.

The Homecoming crowd at the game probably thought that the game was being held in a cemetery and it seems a shame to treat the alumni to such a quiet week-end. Both the Miners and the Bearcats played good, clean football and to them "Thanks for a fine game," to the Alumni, "Excuse our silence, our firecrackers were all duds."

The performance and the stunts between the halves deserve a good hand, they showed both time and effort but the effects wore off too soon after the game was started again.

To the shame of the student body and the chagrin of students leaders, the scheduled "pep" rally, for which classes were to be dismissed, did not materialize. And why—the students went home, there was no one to rally.

On November 4, Dad's Day, the Warrensburg Mules meet our Bearcats. With high hopes and no little anxiety, we await that game. May each and every student, armed with a strong voice, a willing heart, and a new enthusiasm for the Bearcats, show the dads a New College.—p. s.

What World Youth Is Thinking Is Important Says First Lady

We heard the first lady speak. The subject on which she spoke is one of vital importance and will be for a good many years to come. Had the recent European situation further developed our nation would undoubtedly have felt the effects of a great European war.

Mrs. Roosevelt considers it necessary to learn what the young people of the world are thinking. What are the young people of the world thinking concerning national and international subjects? As college students this is our question. What do we think on these matters?

Every student should be interested in world problems and intelligently inform himself on

From the Dean . . .

What should be the relationship between the student and his adviser? What has each the right to expect of the other? Questions similar to these have come to my desk frequently. A recent book on **A Student Personnel Program for Higher Education** by Lloyd-Jones and Smith (378-179s) has set forth some pertinent points on counseling which may be of help, pp. 110-115. The words in parenthesis are added to the context.

1. Education is fully as much a matter of the student's emotions, social habits, attitudes and skills, and physical equipment and appearance as it is of his mind and his store of information.
2. Anyone, even a college student, has the right to reject the help of a would-be counselor. It is far more important that the counselee should evolve his own plan of action than it is that he adopt any plan, no matter how perfect, that someone else attempts to impose on him.
3. (Counselors and students should) try to retain a sympathetic point of view with (each other).
4. (Counselors should) try not to fall into set routines in counseling, (and, students should go to counselors for help not because of a requirement).
5. College counselors (and students) are fortunate in that they have a reasonable expectation of a four-year contact with (each other).
6. (Both counselor and student should) be willing readily to recognize the fact that no one can be all things to all (persons).
7. It is desirable that a thoroughly cordial relationship exist between counselor and counselee, but this should be carefully controlled so that it remain within the feeling range that is most favorable to counseling results.
8. The most stimulating council will be that one whose members are not overwhelmed by any one point of view but turn their minds freshly upon each new problem which they discuss together.

J. W. Jones.

The Guest Editorial . .

No individual can select one virtue and designate it as good, per se. Single virtues are not necessarily good of themselves. The same may be said of vices. Single vices are not always bad of themselves. A more realistic approach is that of judging the situation in its properties of good and bad, weak and strong, success and failure. The personality of the individual should be judged as a whole and not on single virtues or vices.

One does not have to develop the concept of proportion far until it becomes apparent that distortions of the personality may arise out of too much emphasis on one trait of character whether it be good or bad. A trait of character which is good relative to others may be admirable, if greatly developed and emphasized out of such harmonious relations may be a serious defect.

Only in right proportion and in right relation to each other can specific traits of character with certainty improve the quality of personality. The individual's relationship with his associates and with society follows the same general thesis. Harmonious relationships which do not offend the dictates of good taste must be based on the principle of proportion.

An individual must not be laden with a yoke of formal rules and external disciplines, or with force or cunning, but should be motivated by good will, self-control, mutual respect and affection, by informal accommodation and adjustment, and by sharing opportunities and burdens. Such proportion will enlarge one's personality and make for a life of usefulness to all with whom one associates.

Hugh G. Wales.

world affairs. He should be able to formulate opinions on such matters.

To listen to the brilliant lecture of Mrs. Roosevelt was certainly a fortunate experience. But—our College should have been represented by at least three times as many students. It seems that when the expense connected with such trips is at a minimum more students should take advantage of the opportunities.—H. J. R.

CAMPUS CAMERA

Round the Campus

My mind seems to be an utter blank this morning, and don't let me hear any wise-cracks from you about it. Maybe it was the effect of too much Teacher's Meeting, but then, why blame it on the teachers? I did enjoy this Teacher's meeting more than any before I think. Perhaps it was just that I knew so many more of the old students who had gone out to teach and had come back for the meeting or for Homecoming. And then, too, the administration always provides such excellent programs during Teacher's Meeting that it is hard not to find something about it which is not enjoyable.

One paragraph written and not a thing in it. Nothing in my mind either. That makes it nice.

Hither and yon: The Tri-Sigma pledges look maternal, but also very self-conscious carrying those dolls around this week. And the Alpha-Sigs looked like a foretaste of Easter with their little egg baskets—Or maybe they think they're little Red Riding Hood—Vance "Casanova" Riffie says that kisses are like a bottle of olives; the first one is hard to get, but after that the rest come easy—Which reminds me, a certain very charming young lady at Residence Hall told me the other day that she was tired of these dates where the fellow bought her a hamburger and tried to squeeze it out of her before she got home—Take heed, you fellows—By the way, we'd like to present a large bouquet to the Barkatze for that blazing BEAT ROLLA sign at the game last Friday—The Peppers didn't do bad with their stand, either—Mid-term already and I don't even have all my text-books yet.

In talking to Dr. Smith this morning, we discussed the St. Joseph Concert Series for this season. Some of the students enjoyed some of the concerts last year, and the season this year is going to be better than the last. I'll give you a list of the attractions now, and let you be thinking about them. First is Arbenita and her Spanish Ensemble, a fine group of dancers, then Marjorie Lawrence, a rising young opera star, and after that what is probably the prize of the whole series, John Charles Thomas, baritone of no little fame wherever music is known. If you've never heard John Charles Thomas sing "The Green-Eyed Dragon with the Thirteen Tails" you've never heard singing. We, of course, don't still believe in dragons, but we believe you'd enjoy hearing John Charles Thomas. As

"The Great American Play"

(By Pleigh I. Wright)

(Biographical note concerning the author: Mr. Wright was born in the Adirondack mountains, rolled down into Florida and spent most of his time in the vicinity of New York, Chicago, and Maryville. By himself he is considered the greatest play writer of all time and is widely acclaimed in social op-
longe. Mr. Wright writes in truly Shakespearean style and is worthy of support (by at least two chairs).

This Collegiate World

(By Associated Collegiate Press).

We can't tell you just who started all this business of naming colleges after animals, but whoever and wherever it was, he should have set up some rules for the new pastime. He had little consideration for the sports page readers, for:

Twenty-two teams have the title of "Tigers." That's the most for any one animal, but a close second is "Bulldogs," which has been adopted by 21 institutions. And right on down the line are: Wildcats, 14; panthers, 9; eagles, 8; bears, 7; cardinals, 6; blue-jays, 2; duck, 1. Some even go down to the insect family, for there are nine yellow-jacket teams and one wasp.

And that burly sport of the 200-pounders has taken just a bit of a sissy turn at Temple University, where play-ed-majoring gridders must successfully complete a course in the modern dance.

Seldom does a comic-strip quip become part of a college yell, but a couple have been adopted with a vengeance at Midland College. The student court there has ruled that on days before football games freshmen must say "Foo to the goo that plays Midland," whenever pointed at by upperclassmen.

What's foo for the upperclassmen must be foo for the freshmen!

soon as we find out the dates on these concerts we'll let you know. The Administration is really trying to take the students to whatever cultural opportunities that they can't bring to the students. A case of taking Mahomet to the mountain, eh? If I'm mixed up on my allusions don't try to correct me, I'm happy. Ignorance is bliss.

I'd like to say something about the lack of pep in the student body, but elsewhere on this page you will find my same sentiments said just the way I'd like to say them. Something has to be done, and it's up to the students, not the cheering leaders and the band, to do it. They do their best, but they can't force the drooping student body to vivacity. What shall we do?

We'll, I've ruined the better part of a blue Monday morning and a good half ream of copy paper (it's free) inscribing these tender sentiments for you; so dear, dear readers, bear with me for another week. I think I shall adjourn to my little trundle-bed, but if I'm awake by next Monday I'll have more to say.

From Our Exchanges

If we ask for contributions for this col- we MIGHT have the same trouble as the In- Statesman. This is what they received in "Dope Chest."

Dale Donahue Heads Junior Newman Club

At the first regular meeting of the year, the Junior Newman Club elected officers and discussed plans for the coming year. Officers elected were: president, Dale Donahue; vice-president, Rita Sturm; secretary, Earl Pope; treasurer, Pauline Wray; and reporter, Mary Linneman.

O'Neillians Give Extempo Readings

Extemporaneous reading from such plays as "Of Thee I Sing," "The Queen," constituted the major Wimpole Street, and "Elizabeth, The Queen," constituted the major entertainment for members of the O'Neillian Club meeting last Tuesday, October 11.

Delbert Foster, the freshman who did "Hiram Drops In" on Walkout Day gave a monologue entitled, "Junior," James Hitchcock, a senior in the College gave a poem entitled, "Only a Look of Hair."

Arrangements are being made to obtain the musical production "Of Thee I Sing" to be given by the O'Neillian Club this year.

Miss Frankens Attends Mental Hygiene Meet

Miss Katherine Frankens of the psychology department of the College, members of the State Board of Mental Hygiene, attended a meeting of the board at Columbia, Mo., Saturday October 8. Dr. F. A. Carmichael, Fulton, Mo., director of mental hygiene in Missouri, presided at the meeting.

Representatives from every state hospital attended. Twenty five of the thirty board members were present. Dr. O. Myking Mehus, of the social science department, and Dr. F. R. Anthony, College physician, who are also members of the board, were unable to attend the meeting.

30 Attend Third Annual Press Dinner

Thirty persons from northwest Missouri were guests of Mr. Jack Carson, manager of the Maryville Electric Light and Power company, at the third annual Northwest Press dinner held last Friday evening at the Dream Kitchen. A fried chicken dinner was served by the home economics department of the company. College people who attended included: President Uel W. Lamkin, Dr. J. W. Jones, dean of the faculty; Mr. Tad C. Reid, superintendent of operations; Mr. Wilbur Stalcup, line coach of the Bearcats; Mr. A. H. Cooper, director of the extension department; Mr. Roy Ferguson, director of field service; and Mr. Frederick Schneider, director of the news bureau.

Mr. M. W. Stauffer, manager of the Maryville Daily Forum, acted as a toastmaster at the dinner. Short talks were made by Coach Stalcup and Mr. Carson. Following the dinner, the newspaper men attended the Rolla-Maryville football game, the guests of President Lamkin.

Others who attended were: Mr. Jack Stapleton, president of the College board of regents and publisher of The Stanberry Headlight; Chester Krause, Ben Weir, Fred Hull, Mayor L. B. Campbell, J. B. French, J. A. Elgaard, Walter Finkle, H. P. Rutledge and P. L. Ward, all of Maryville; Jim Haley, Grant City; Frank Lowery, Sheridan; A. V. Grady, Elmo; J. I. Bennett, Bolckow; Max Rush, Barnard; Tracy Stahlman, Dip Stewart, Louis Bowman, Rodney Cover and Mayor C. Pettijohn of King City; and P. J. Weightman and E. C. Conger of Bethany.

Nineteen Women Pledged to A. C. E.

The Association for Childhood Education, sponsored by Miss Chloe Millikan held its annual pledge party in the kindergarten rooms Monday evening, October 17.

Everything was half-in-half at the party, including Mary Turner, Pattonsburg, who won a lolly-pop as first prize for having the best half-in-half costume.

Mary Schmeling, president of A. C. E., conducted the pledging service for the following nursery-kindergarten-primary majors:

Betty June Harrazim, Alexandria, Louisiana; Betty Lindley, Virginia Bosch, Gertrude Parker, Mary Margot Phares, Mildred Mahan, Marguerite Thorpe, Bernice Owens and Ressie Mae Ross, Maryville; Rose Mae Fink, Oregon; Nyda Snyder, Maitland; Mary Turner, Pattonsburg; Marion Hart, Clarinda; Ruth Morrow, Plattsburg; Marjorie Powell, Stuartsville; Roberta Utterback, Trenton; Betty McGee, Harris; Mildred Hackett, Fairfax; and Marcella Tyson, Skidmore.

The following activities were present: Frances Kueker, St. Joseph, who was general chairman of the party; Mary Schmeling, Atchinson, Kansas; Dorothy Lasell, Maitland; Mary Jo McGee, Harris; Charlotte Perry, Fortescue; Virginia Millikan, Cornin, Iowa; June Kidwell, Martinsville; Helen Kyle, Graham; Florence Glaze, Coffey; Marjorie Cumutt, Kansas City; Irene Bohnenbust, Pattonsburg; Hannah Lou Bennett, Mary Jeanette Anthony, Eloise Northerton, and Lucy Lee Brumbaugh of Maryville.

Education Still in Experimental Stage Says Doctor Rufi

"Education is still in the experimental stage," Dr. John Rufi, professor of education, Missouri University, told teachers and students last Friday morning at the second day of the district teachers meeting. "We will have to take stock of ourselves to make education a success," he said.

To prove his point, Dr. Rufi used five points to show what the modern school must do to make education a success:

The first, a better job of transmitting knowledge to the pupils. The modern school should be alive and vital to life.

The second, a better job inculcating a social point of view. The school must offer practices of good citizenship.

The third, must arouse, stimulate, and cultivate interests that last. It is the motive power that keeps men at work after the compulsion is removed.

The fourth, must learn more about the problems of mental hygiene. One's attitude and emotions on the subject are important.

The fifth, should try to lighten the conscience of those who attend. Vitality, encouragement, consciousness, and sensitiveness should interest students now. Education should give them the privilege to enjoy the right things.

Art Head Tells Of Travels Abroad

At the Art Club meeting last Monday, October 17, Miss Olive S. DeLuce, chairman of the department of fine arts at the College, told of her experiences in France during the last summer. Also at the meeting a number of sketches were made by members of the club.

Miss DeLuce told of her difficulty in renting an automobile and of a religious festival, the Pardon of St. Anne, which she attended.

In attendance at the meeting were: Robert Turner, Platte City; Ruby Goldner, Mildred Goldner, Kellerton, Ia.; Helen Reed, Lorraine Long, Bernice Bristol, Maryville; Elizabeth Wilson, Traverse City, Mich., and Virginia Page, Bedford, Ia.

Miss Nell Hudson Sponsors Tri Sigs

Miss Nell Hudson, alumnae secretary of the College, and faculty advisor of Alpha Epsilon chapter of Sigma Sigma Sigma sorority is serving as active sponsor during the absence of Miss June Cozine, who is convalescing from injuries received in a recent automobile accident.

Miss Hudson is a chapter member and former sponsor of Alpha Epsilon chapter of Sigma Sigma Sigma.

College Paint Crew Is Kept Busy

The paint crew of the College have been busy the past few weeks brightening up several places on the campus.

The interior of the power house has been repainted. The walls and machinery have been covered with aluminum paint and the floors have been painted gray.

The basement of the Horace Mann school is being painted so it can be put in use by the N. Y. A. boys, and John Paul Campbell, Tarkio, has been busy painting numerous signs around the campus.

Irene Nelson Makes Recent Survey of Divorce Conditions

A recent study of the trend of divorce conditions in the United States has been made by Irene Nelson, Barnard, in education class 150. Some significant facts which she found in her survey are as follows:

The annual divorce rate is decidedly on the increase.

There is one divorce to every six marriages.

Increasing divorce rates furnishes a good index to marriage instability. The United States has the highest divorce rate of any country.

Divorces are more common to urban than rural life.

Twice as many divorces are granted to wives as to husbands.

There is a steady increase in the proportion of divorces granted to wives.

The most frequent causes of all divorces are adultery, cruelty, desertion, drunkenness, and neglect to provide.

Divorce, in most cases is beneficial to the children involved.

'Y' Hay Ride Is Enjoyed By Seventy Students

Seventy College students enjoyed an old-fashioned hay ride last Friday evening, October 7, sponsored by the Y. M. and Y. W.

After the mode of transportation three hay racks arrived at the south door of the administration building, those attending traveled west from the College to Mr. Nunneley's farm.

While there, the group played games, enjoyed roasting wieners and marshmallows and sang songs.

Sponsors present were Dr. Margaret Ruth Smith, Miss Day Weems and Mr. J. L. Zwingler.

Others who attended were: Francis Stubbs, Amazonia; Lucille Nelson, Hatfield; Paul Carson, Diagonal, Iowa; Ruth Wray, Maryville; Robert Long, Maryville; Avon Reeves, Craig; Ruby Goldner, Kellerton, Ia.; Robert Garrett, Parnell; B. K. Lewis, Ravenwood; Gerald Hunt, Parnell; J. B. Taylor, Maryville; Erdley Beaucamp, Grant City; Marjory Murray, Oregon; Rosemary Larkam, Maitland; Evelyn Buritt, Mt. Airy, Ia.; Leland Hamilton, Bedford, Ia.; Lorraine Long, Maryville; Emma Baker, Cairnsdale, Ia.; Helen Hoskins, Clarinda, Ia.; Paul E. Smith, Colony, Kan.

Helen Lewis, Ravenwood; Robert Wilson, Cabool B. Laughlin, Guilford; Mary Virginia Garner, Winston; Wallace Oursler, Maryville; Elizabeth Matheny, Westboro; Lois Langland, Spring Grove, Minn.; Marjory Stone, Ridgeway; L. Oursler, Maryville; Esther Ward, Bethany; Imogene Templeton, Bedford, Ia.; Gwen Masters, Maryville; Eleanor Hartness, Maryville.

William Evans, Sheridan; Robert Allen, Maryville; Geraldine Bird, Shenandoah, Ia.; Bob Gregg, Stanberry; Pauline Laughlin, Guilford; Donald Hepburn, Hopkins; Blanche Curry, Parnell; Glenn Hensley, Stanberry; Guy Davis, Craig; Layte Imbler, Eldon; Hildred Richmond, Guilford; Lurline Stevens, Grant City; A. Smith, Clarinda, Ia.; R. M. Ross, Maryville; A. Congdon, Clarinda, Ia.; Hilda Elliott, Graham, James Hitchcock, Clarinda, Ia.; B. Eichenburg, Kansas City; and Merrill Ostruss, Washington, Ia.

Many Attend Tau Nickelodeon Dance

Saturday night, October 8th, was a big night for the Sigma Tau—both activities and pledges. The affair was a Nickelodeon Dance held at the Maryville Country Club from 9 to 12.

The dance was chaperoned by Mr. and Mrs. R. E. Baldwin and Mr. and Mrs. R. T. Wright. Among the activities present were: James Powell, Lowell Jones, Caton Lake, Carlton Wilson, Harold Hull, Dick Stephenson, Robert Stephenson, Neil Weary, Paul Strohm, Gene Hill, Max Otte, Dick Dempsey, Willis Goza, Frank Yourek.

Dneton McGinnis, Bernice McLaughlin, Ralph Morrow, Max Mudd, Gerold Roberts, Henry Turner, Edward Castle, Kenneth Lawson, Bernard Richards and Earl Murphy.

Pledges present were Robert Stephenson, Ted Davinson, Bob Brightwell, Vern Lawler, Ermine Bird, Kirtley Neal, Bill Stringer, Robert Darr, Glen Breckenridge, and Ivan Shottle.

The guests were Irene Nelson, Margaret Wilson, Emma Lee Vance, Gloria Paz Santos, Mary J. Anthony, Betty Lindley, Catherine Schmitt, Helen Ford, Eleanor Shannon, Ruth Hasty, Betty Dix, Elizabeth Wright, Delore Hunter, Virginia Lee Adams, Virginia Bosch, Bernice Owens, Rosalie Roark, Mary Margot Phares, Lavona Stalcup, Beulah Harmon, Gertrude Parker, Doris Stafford.

Jean Martine, Mary Frances Sutton, Emma Isabel Brown, Gertrude Yeader, Virginia Millikan, Betty June Harrazim, Marian Nally, Helen Parker, Irma Wilson, Nilo Ramos and Mr. and Mrs. Orville Johnson.

Mary Gates Heads CHS Freshman Class

Last week the freshman class of the College High School elected class officers, sponsors, and representatives for the year.

The following officers were chosen: President, Mary Gates; vice-president, Stephen Lance; secretary, Gaylord Jensen; treasurer, Miles Witte.

Anna Virginia Benitez and Lloyd Oliver were chosen as the class sponsors.

The class advisor is Miss Duane Eberhardt, and the student council representatives are Frances Pfander, for one semester, and Joan Hayes, for the whole year.

Miss Morrison Says Child Art Emphasis Rests on Experience

"In a child's art, the emphasis is on the experience rather than the result," Miss Ellen Morrison told the group of students and teachers who attended the art luncheon held at the Hotel Linville, October 13. Miss Morrison, director of art for St. Joseph schools, who was introduced by Miss Bernice Bristol, Maryville, spoke on the subject "Art in the Daily Life of the Child."

"All too often child art has been placed in the category of uncontrolled emotion, sheared," "Art is certainly not akin to it."

In Quoting Grant Wood, Miss Morrison said, "Art expression is controlled activity involving the selection and organization of past experiences and their fusion with present situations to create new forms."

Miss Morrison showed the group some examples of figure planning and some illustrations which used blue print paper as their medium. She stated that a wider variety of experiences is expressed through the use of various mediums.

The reception committee for the luncheon consisted of Bernice Bristol, Maryville; Ruby Goldner, Kellerton, Iowa; and Elizabeth Matheny, Westboro, Virginia Page, Bedford, Iowa.

Other students assisting at the luncheon were Margaret Stafford, Tarkio; Lois and Deane Miller, Grant City; Elizabeth Matheny, Westboro; Beulah Campbell, Savannah; Crystal Cooper, Sheridan; Elizabeth Wilson, Traverse City, Michigan; Virginia Page, Bedford, Iowa; Leni Alano, P. I.; Janice Dugan, Lenox, Ia.; Edna Cottrell, Gilman City; and Helen J. Reed, Ocie Rhoades, Lucy Lea Brumbaugh, Lorraine Long, all of Maryville.

Kappa Omicron Phi Holds Social Meet

Sparkling flames and glowing coals in the cheery fire, helped carry out the Indian theme of the social meeting of Kappa Omicron Phi Monday evening in College park.

A short business meeting was held before the games, and refreshments were enjoyed around the fire.

Activities and pledges present were: Alice Alexander, Arlene Birdsall, Dorothy Daibey, Marjory Farmer, Beverly McGinness, Deane Miller, Lois Miller, Margaret Stafford, Cleo Wilson, Junetta Barnhouse, Geraldine Bird, Margaret Dickerson, Iris Ebersole, Agnes Kowitz, Winifred Lightie, Jean Martine, Hattie Richards, Irene Rowe, Mary Worley, and Martha Sue Zimmerman.

Lenora Alano spent the week end with Lois McCartney at Rock Port, Mo.

Bearcats to Face Second MIAA Conference Foe at Springfield

Bears Will Work Under New System Of Coaching When Locals Invade Today

After little scrimmage and lots of skull practice this week the Bearcats seem to be in shape physically and mentally for their encounter today with the Springfield Bears at Springfield. The squad left yesterday about noon and will return Saturday.

Because of their impressive 21-0 win over the Rolla Miners last week the Bearcats are being hailed as the favorites for the MIAA championship this year. But, not to be assailed with a bunch of swelling heads the coaches pooh-pooh any such talk, and counter all such remarks with the statement that the Bearcats haven't had any competition.

Not much is known of the strength of the Springfield team outside of comparative scores and that is never a good way to judge. Coach Ryland Milner of the Bearcats had a no scouting agreement with Coach Howard Blair of the Bears. And as the Springfield boys are under a new system this year the Bearcats will have to be on their wits tonight, having no conception of the Springfield formations.

Coach Blair is quoted by the Springfield papers as bemoaning the loss of two ends, Ed Lechner and Hal Rhea, who will not be ready for two weeks because of injuries. Coach Milner has stressed passing this week in the practices, turning that duty over to Bill Bernau and Joe Kurtright, and giving them first hand instructions with his own accurate right hand.

Speed and power were combined in the starting backfield in this week's practice. Bernie McLaughlin is the speed merchant and the other three boys, Joe Kurtright, Bill Bernau and Stanley Pele, are designed for the power drives.

Pele continued his practice on place kicks. In the last two games he has kicked six straight points and for the season his average is eight out of ten, which is excellent. The Bearcats will not be seen here in action again until November 4. This game will be followed by two more at home and then the season will be finished.

Women in the Sports

W. A. A.

Plans are going ahead in line with the exhibition hockey game to be played on the College athletic field next Wednesday evening at eight o'clock. Two teams have been chosen from the girls out for hockey this quarter and are headed by Miss Weems and Miss Carruth of the Physical Education faculty. Miss Weems will captain "Weems' Pickaninies" with Irene Bohnenbust, Pattonburg, as her manager. Miss Carruth will head "Carruth's Carrots" and her manager will be Nadene Malone, Clearmont, Ia. The "Pickaninies" will wear white suits with pickaninny heads on them, and the "Carrots" will be decked out in black shorts with white sweatshirts, on the front of which will be seen large orange carrots. The admission will be only ten cents and the tickets are on sale from any W. A. A. member or at a table on the second floor hall next week. In case of bad weather, arrangements have been made for cars to be driven up on the track at the edge of the field. So get your tickets from the members and come out and see the game. If you think football is rough and full of thrills come out and see a real fast and furious game. This game is sponsored annually by the Physical Education department and the W. A. A.

The Pickaninies are made up of Marianna Obermiller, Jackson, DeLoe Hunter, Rockport, Gladys Miller, St. Joseph, Marjorie Farmer, Cambria Ia. Betty Adams, St. Joseph, Unity Hixbaugh, Creston, Ia., Lily Rosenbalm, Graham, Mary Jo McGee, Harris, Gladys Cook, Maryville, Iris Ebersole, Maryville Ruth Johnson, Katherine Romans, Helen Powell, Helen Crouch, Marge Bloedel, LaVone Stalcup, Ruth Snyder, Virginia Ramsey and Miriam Martin, Maryville.

The "Carrots" team consists of Mary Jeannette Anthony, Virginia Bosch, Mary Frances Barrock, Martha Jane Hamilton, Hope Wray of Maryville, Winifred Lightle, Bolckow, Rose Mae Pink, Oregon, Virginia Gibson, and Marie Holding, St. Joseph, Leni Alano, P. I. Doris Austin, Gentry, Coleen Hult, Maltland, Junetta Barnhouse, Hatfield, Evelyn Dow, Springfield, Beulah Farquhar, Burlington Junction, Phyllis Chapman, Northboro, Ia., Eleanor Barret, Skidmore and Betty June Harazim, Alexandria, Louisiana.

Debate Team Elects Harold Brueggeman

Harold Brueggeman of Maryville was elected president of the College debate squad at a recent meeting of the group. Other officers elected were: Vice-president, Kenneth Harper of Fort Morgan, Colo., and secretary, Betty Dix of Boonville, Mo.

Three students have joined the team since announcement of its personnel was made in a previous issue of this paper. They are: Ruth Morrow, Plattsburg; Robert Bowles, Norborne; and Paul Smith of Maryville.

Senate Studies Financial Reports

The Student Senate met in regular session on Tuesday evening for the transaction of routine business. The senate studied the financial report of the Walk-Out Day committee and also received a financial report from the Green and White Peppers for their concession at the Rolla football game.

A discussion of current campus problems was held and the senate decided to continue the discussion next week. The senate will also have several reports and financial reports for the next meeting.

College Opens Nursery School

(Continued from Page One)
still too young to recognize even his own name.

As the little tots sit down to lunch, a short story is told and pictures shown to the three-year-olds, while the four-year-olds are told a longer story. This is in recognition of the different age level.

Lunch consists of meat or meat substitute, vegetables, sandwiches and milk, and desert. Miss Ruth Villars plans and serves the meals with the assistance of Miss Cass. Following lunch, the children nap for an hour and a half. Milk is served again before they go home in the College bus at 3 o'clock.

The playroom is equipped with furniture scientifically designed for the child age level. New posture-corrective chairs are so constructed that the children sit up straight with their backs supported properly. Play equipment includes a swing, numerous dolls, toy cars, an ironing board and electric iron, a wash tub and wash board, blocks, wagons, tea sets, horns, doll beds, doll carriages and all sorts of games.

Miss Velma Cass, who was a graduate of the College in 1937, and taught last year at Holton, Kas., is head nursery school teacher. She is assisted by Miss Roberta Utterback, Trenton, student teacher, and Miss Marie Ogle, N. Y. A. assistant.

The nursery school will move from Residence Hall as soon as the southwest wing of the new Horace Mann building on the campus is completed. According to President Uel W. Lamkin, this may not be before January 1.

Following are the children attending the nursery school:

Three years-of-age, Dianne Robbins, Bobby Joe Sparks, Bob Burmann, Bill Smith, Larry Wray, and Jean Leeson.

Four years-of-age, Charles Guy Sullwell, Joe Jackson IV, Stephens Thomas, Mary Croy, Anne Robinson, John Alexander, Bobby Perkins, Patricia Marie Pine, Joseph Kelly, Ronnie Gray, Jo Anne Meek, Mary Anne Linneman, and Richard Ellis. The nursery school children are all from families living in Maryville.

Stefansson Grants Reporter Interview

(Continued from Page One)
of the trade, such as geography, metrology, climate, and sociology." Mr. Stefansson spends a great deal of his time exploring the Arctic. It was believed that aviation was impossible in the Arctic, but he has proved that this is not true. One may find his thesis in a geographic magazine. At the present he is concentrating on a new book, "The Unsolved Mysteries."

Flying is Cheapest
Through our conversation I felt that Mr. Stefansson held a deep respect for his native land, Canada. He compared it to North Dakota and emphasized the fact that it was absolutely a livable country.

"In the Arctic," he explained, "flying is the cheapest means of travel. For example if one was to travel by dog team from Nome to Fairbanks, it would cost approximately eleven dollars a day, taking at least a month to make the trip. On the other hand one may take a plane for half the amount and reach his destination in four hours."

Speaks to Individual
In reference to his address before the teachers he said, "I speak to the average individual for it is he whom I am concerned."

Suddenly my watch revealed that I had taken much of Mr. Stefansson's valuable time; so I thanked him and he slowly rose and shook my hand.

Saturday, Oct. 22, there will be a medalist golf tournament held at the Country Club. It will be open to all students and faculty of the College.

Homecomers See Alma Mater Down Rolla Miners

Bearcats Win First Conference Game Against Strong Foe

Maryville's Bearcats launched a terrific exhibition of gridiron power and swamped the highly touted Rolla Miners 21-0 before a large homecoming crowd at the College field last Friday night.

With Rolla hailed by the dopesters as their most formidable opponent this season, the Bearcats took the field prepared to fight to the last and turned in their best performance of the season thus far. Rolling up the immense total of 288 yards gained from rushing, the tallying sixteen first downs to three for their opponents, the Bearcats were masters of the game from start to finish.

Co-Captain Bill Bernau, Bearcat quarterback, showed all the earmarks of an All-American as he ran, turned, and twisted through the helpless Engineers for one long gain after another. Stanley Pele, powerful full-back, forged through time after time for needed yardage, oft times carrying two or three tacklers several yards before being dragged down. Bernie McLaughlin and Joe Kurtright held down the halfback positions for Maryville, and it was a 21 yard run by Joe which set the second touchdown by catching a pass from Bernau and streaking to the 10 yard line before being downed by the Miners' safety man after a 41 yard gain.

Close To Goal Early
Maryville came close to scoring at the very outset of the game. Pele put the ball into play with a nice kickoff to the 5 yard line, Rolla returning to the 23. Two line plays netted a three yard loss and the Miners punted to midfield. Within four plays, one of which was a 17 yard gain by McLaughlin, the Bearcats found themselves on the Engineers' 28 yard line, only to run into a stone wall as the Miners' defense held. With one down remaining, Pele tried for a field goal with Bernau holding the ball. The kick was short, however, and Rolla took over the ball on the 20 yard marker.

But not for long did the Miners retain possession of the pigskin, for the Bearcats line was invulnerable as Molitoris, Green, Rogers and other Bearcats forwards time after time broke through to toss the Rolla backs for losses or halt them at the line of scrimmage. Late in the first period the Bearcats found themselves with a first and ten on the Rolla 12 yard line as the result of a 12 yard spot pass from Kurtright to Walker, and a 15 yard run by Pele mingled with consistent shorter gains. Pele picked up four yards down the middle, and Bernau crashed through for another first down on

the two yard stripe, from where Pele plunged over for the touchdown with one minute to play in the first period. Pele also converted the extra point, a place kick.

Uneventful Quarter
The second quarter was uneventful to the extreme as neither side was able to gain consistently. The Bearcats seemed to gain in midfield but bogged down as they approached deeper into Rolla territory. They came closest to the Miners' goal when the Engineers fumbled on their own 21 yard line and recovered on the 8 just as the half gun sounded.

Again forcing the hapless Miners to punt after taking the kickoff, the Bearcats took the ball on their own 40 yard line and staged a sustained drive that carried down to the Engineers' four yard line for a first down. But at this point, with a certain touchdown apparent, the Miners entrenched themselves on the goal line and made as gallant a goal stand as was ever seen in this conference. As Bernau and Pele cracked the line with all the drive they could muster, the Miners allowed barely over three yards on the four attempts and took the ball on downs on the one foot line.

But with the third period nearly over, Coach Ryland Milner dug deep into his bag of tricks for a play which put the erstwhile gallant Miner defense to shame. Possessing the ball on Maryville's 49 yard line, Coach Milner sent a group of replacements into the Bearcat lineup. Apparently one of the outgoing players, McLaughlin trotted over to the sideline but remained just on the playing field. As the ball was snapped, he raced down the sideline and took a pass from Bernau for a first down on the Rolla 10 yard line where he was downed by the Miner safety man as the quarter ended.

Fake Kick Play Good
Resuming play in the final period, the Bearcats took exactly four plays to send Bernau crashing over the line for their second touchdown. Pele again converted and the score read 14-0.

The final touchdown came on a sustained drive down the field from Maryville's 42 yard line. One play, a fake kick by Bernau who handed the ball to McLaughlin, was good for 25 yards. A few moments later, Kurtright burst through the line for the score, and Pele's educated toe booted the third extra point, making it 21-0.

At this stage the Miners defense collapsed entirely. The Bearcats reeled off three consecutive first downs and were kept from another touchdown only by the gun which found them on Rolla's 8 yard line.

The line-ups:
Maryville Position Rolla
Baker LE Wilson
Molitoris LT Stephens
Zemles LG Rogers
Loos C Axthelm
M. Roberts RG Spafford
Green RT Plannary
Walker RE Wadleigh
Kurtright RH Ladd
McLaughlin LH Taylor
Pele QB Cunningham
Bernau QB Schumacher
Substitutions: Rolla, Veale, Curtis, Domjanovich and Kromaka, guards; Uelk and Klug, tackles; Nevins,

Bearcat Claws . . .

by ken lawson

Once again the picture has changed. Last week Rolla was generally favored to win the conference with Maryville running a good second. But, now it is Maryville to win the MIAA and any one of three teams, namely Cape, Warrensburg and Rolla to fight over the runner-up position. And to do full justice to everyone we could say that Kirkville might be giving some of them a little trouble. Springfield hasn't so much.

Of all things - - - prophecies last week before the Bearcat vs. Miners game were running the gamut of variety, but never did one mention the fact that it would be Maryville by three touchdowns. I don't think the coach even had any idea of anything like that, but there it is Maryville 21 and Rolla 0. Great going Bearcats.

Tonight finds the Bearcats invading the Springfield camp. The Bears didn't show much power in their game with Kirkville last week but they might give the Bearcats a tussle. However it looks like another conference victory for the boys in green.

If the Rolla game was an example of what they really can do, I believe that the Bearcats are the possessors of two of the hardest charging backs in the conference. Namely, Pele and Bernau - - - After about three quarters of their charging the

Rolla line was as impregnable as a piece of cheese.

Incidentally and by the way I missed one game last week by picking Springfield to win over Kirkville. I don't know just what happened to make me miss that, but something evidently did because Kirkville only won by about three touchdowns. How's that for coming close?

Talked to Coach Milner before the squad left for Springfield, and I did my best to get his opinion on the outcome of the game tonight. But, to no avail; not one word would he say as to the outcome. Coach Milner believed anything could happen and I agreed with him. But, to myself I said I'll bet it den't—Good luck Bearcats.

Here's the way I pick them for this week:

MIAA
Kirkville at Cape Girardeau, Cape.
Warrensburg. No game.
Rolla and Arkansas State.
Rolla.
Maryville at Springfield, Maryville.
Big Six
Nebraska vs. Oklahoma. Oklahoma.
Iowa State vs. Kansas U. Iowa State.
Kansas State vs. Indiana. Indiana.
Missouri vs. Washington. Missouri.

Hitchcock Wins In Golf Champ Flight

The championship flight of the golf tournament was concluded this week when James Hitchcock defeated Louis Strader, one-up.

In the semi-finals, Strader won from Slagle by default while Hitchcock was defeating Gickling. The consolation flight will be concluded when George Hahn meets Edward Hunt in the finals.

Girls Sit Down On Ball Diamond, But Finally Lose

All sit-down strikes are not limited to industries and factory life disclosed near here recently. In even high school girls may go on strikes of they find a reason to do so.

According to a story which appeared in the Chronicle, publisher of the Conception Junction school under the direction of J. J. Morrison, a graduate of College in 1937, a group of baseball girls from Barnard precipitated a sit-down strike on the diamond October 8.

The Barnard and Guilford were engaged in a close game, score being 17 to 15 in favor of Guilford. The Barnard girls came up to bat in the last half of the inning. Two were out.

Then came the thrill of the game. One of the Barnard girls knocked home run. In her excitement failed to touch third base in the bases. The umpire called out.

Then followed a sit-down strike which lasted for thirty-five minutes—the Barnard girls refusing to come from the infield as their representatives discussed the matter with umpires.

Finally, when all hopes for change in the umpire's decision faded, the Barnard girls were forced to relinquish the ball diamond defeat.

Colorado Desert is Described at Assembly

"Deserts of the Southwest" the topic presented in an illustrated lecture by Mr. John Claire McTieth, lecturer and singer from California, at the assembly Wednesday, October 19.

Many beautiful pictures pertaining to the life and vegetation on Colorado desert were shown in natural colors. Pictures such as flow trees, springs and birds, won favor of the student body. Mr. McTieth sang several songs of which the first was "The Song of the Palm."

The next assembly, on Wednesday, October 25, will be a musical program presented by Geo. O'Hara.

Andrew County Rural Schools Sing at Meet

Three hundred and fifty rural school children from Andrew county sang last Friday afternoon in the College auditorium before the departmental meeting of the rural school section at the district teachers' meeting.

Otis Thorborn, superintendent of schools in Andrew county, was instrumental in organizing the group and bringing them here.

CHESTERFIELD

- MORE PLEASURE

...Chesterfield writes it for everybody who smokes 'em

It's pleasure you smoke for ... everybody knows that ... and it's pleasure you get in every Chesterfield you light.

Chesterfields are milder and better-tasting and here's the big reason ...

It takes good things to make a good product. In Chesterfield we use the best ingredients a cigarette can have ... mild ripe tobaccos and pure cigarette paper.

They Satisfy

..with MORE PLEASURE for millions
